

2018 Available ICHS Senior Scholarships

Scholarships are added as the Counseling Department is notified by the sponsoring agency. The information below is intended to be a beginning reference point only. Internet searches may yield results for other specific scholarships and ones available at the national and state level.

Also Good to Know: Foundation Scholarships are often the easiest to qualify for, and are available at all colleges. Once accepted at a college, go online or call the college's financial aid department to apply. Usually one quickly submitted application will allow you to be considered for hundreds of "in house" scholarships.

Please check our "scholarship window" located outside the counseling office door. Scholarships are added as we receive them and frequently may change. Paper applications are available at our office although they often must be returned through a mailing address. If a scholarship requires a current transcript, we will be happy to provide one upon request. See Mrs. Simmons if you need additional assistance.
